

CCG Board

Date of meeting		23 May 2019	
Agenda item	2	Paper No	WHCCG19/048

Declaration of Board Members' Interests

Purpose of the Paper	This paper sets out the relevant and material interests of the members of the West Hampshire Clinical Commissioning Group Board. It represents the Register of Interests as required by the Standing Orders in accordance with the NHS Code of Accountability.
Actions requested / recommendation	<p>The West Hampshire Clinical Commissioning Group Board is being asked:</p> <ul style="list-style-type: none"> • To receive and note the register of interests of its Members and ensure that Members play no part in discussion or decision where a conflict of interest is established; • To receive any oral updates on the interests of members. • To review the agenda for the meeting and establish whether there are any business items where there may be potential or perceived conflicts of interest.
Other committees / groups where evidence supporting this paper has been considered	Not applicable
Legal implications / impact	There are no legal implications arising from this paper.
Public / stakeholder involvement – activity taken or planned	Not applicable
Equality and diversity – implications / impact	This paper does not request decisions that impact on equality and diversity.
Report author	Ian Corless, Board Secretary

Sponsoring director	Sarah Schofield, Clinical Chairman, West Hampshire Clinical Commissioning Group
Date of paper	14 May 2019

1 Declaration of Interests

- 1.1 In accordance with the CCG's Constitution and section 14O of 'The National Health Service Act 2006, the NHS (Procurement, Patient Choice and Competition) regulations 2013 and the Substantive guidance on the Procurement, Patient Choice and Competition Regulations', Clinical Commissioning Group (CCG) Governing Body/Board members and sub-Committee members are required to declare interests which are relevant and material to the Board or Committee of which they are a member. All existing CCG Governing Body / Board / sub-Committee members should declare such interests. Any CCG Governing Body / Board / sub-Committee members appointed subsequently should do so on appointment.
- 1.2 Each CCG must make arrangements to ensure that individuals declare any interest which may lead to a conflict with the interests of the CCG and /or NHS England and the public for whom they commission services in relation to a decision to be made by the CCG and/or NHS England or which may affect or appear to affect the integrity of the award of any contract by the CCG and/or NHS England.
- 1.3 A declaration must be made of any interest likely to lead to a conflict or potential conflict as soon as the individual becomes aware of it, and within 28 days.
- 1.4 Any changes to interests declared must also be registered within 28 days by completing and submitting a new declaration form.
- 1.5 The register will be published on the CCG website and will also be available on request.
- 1.6 Any individual – and in particular members and employees of the CCG and/or NHS England - must provide sufficient detail of the interest, and the potential for conflict with the interests of the CCG and/or NHS England and the public for whom they commission services, to enable a lay person to understand the implications and why the interest needs to be registered.
- 1.8 If there is any doubt as to whether or not a conflict of interests could arise, a declaration of the interest must be made.
- 1.9 Interests that must be declared (whether such interests are those of the individual themselves or of a family member, close friend or other acquaintance of the individual) include:
 - roles and responsibilities held within member practices
 - directorships, including non-executive directorships, held in private companies or PLCs
 - ownership or part-ownership of private companies, businesses or consultancies likely or possibly seeking to do business with the CCG and /or with NHS England
 - shareholdings of companies in the field of health and social care
 - a position of authority in an organisation (e.g. charity or voluntary organisation) in the field of health and social care
 - any connection with a voluntary or other organisation (public or private) contracting for NHS services

- research funding/grants that may be received by the individual or any organisation in which they have an interest or role
- any other role or relationship which the public could perceive would impair or otherwise influence the individual's judgment or actions in their role within the CCG.

1.10 A prejudicial interest will be declared if the matter affects an individual's financial interest and a member of the public, knowing the relevant facts, would reasonably think that a personal interest is of such significance that it is likely to prejudice their judgment of the public interest.

1.11 If there is any doubt as to whether or not an interest is relevant, a declaration of the interest must be made.

1.12 Where an individual is aware of an interest which:

- has not been declared, either in the register or orally, they will declare this at the start of the meeting
- has previously been declared, in relation to the scheduled or likely business of the meeting, the individual concerned will bring this to the attention of the chair of the meeting, together with details of arrangements which have been confirmed for the management of the conflict of interests or potential conflict of interests.
