

## FOI request - Radiology services

Freedom of Information Request Number: FOI 7692

Question 2: Please list details of the contracts you currently have for radiology services, including:

- Providers named
- Contract start date, length and expiry date
- Contract value
- Whether the contract will be re-tendered at expiry or if a renewal with the same provider is expected

Response: See schedule with notes below.

\* Contract values are variable for this type of activity and it is difficult to separately accurate from the range of other services and value that these organisations provide. We commission imaging services alongside many other services within the same contract with the provider. This information is not held/available.

\*\* No decisions on tendering these services are being taken at this time. The current working assumption is that we renew these contracts on the basis of system stability, to be in line with national guidance.

Contract no.	Provider(s) involved	Contract start date	Contract length	Contract end date	Contract value *	Re-tendering at expiry/renewal/other? **
